~~It's not time to make a change~~
~~Just relax, take it easy~~
~~You're still young, that's your fault~~
~~There's so much you have to know~~
~~Find a girl, settle down~~
~~If you want you can marry~~
~~Look at me, I am old but I'm happy~~

It's not time to make a change
Just invest, buy equity
You're still young, let it grow
There's so much time, watch it grow
Buy risky stocks, double down
If you want, you can buy gold
Look at me, I am old and I'm leveraged

02

~~I was once like you are now
And I know that it's not easy
To be calm when you've found something going on
But take your time, think a lot
Think of everything you've got
For you will still be here tomorrow
But your dreams may not~~

**I was once like you are now
And I know that it's not easy
To be calm when you've been
outbid on a home
Don't take your time, sprawl a lot,
Commute or downgrade your cot
Inflation will be 3 tomorrow
and house prices up**

~~How can I try to explain?
'Cause when I do he turns away again
It's always been the same, same old story
From the moment I could talk
I was ordered to listen
Now there's a way and I know that I have to go away
I know I have to go~~

**How can I try to explain?
He's invested his soul as well as coin
'Haves' get more. 'Nots' get poor.
Same old story
He wants more at any cost
I want enough to sustain
Earth wastes away, and I know
that growth has to go away
I know growth has to go**

~~It's not time to make a change~~
~~Just sit down, take it slowly~~
~~You're still young, that's your fault~~
~~There's so much you have to go through~~
~~Find a girl, settle down~~
~~If you want you can marry~~
~~Look at me, I am old but I am happy~~

It's not time to make a change
Don't make waves, just play the game
You're still young, that's your fault
There's so much stuff you have to own
Earth is fine, settle down
Buy what you want, you earned it
Follow me, do what we're told,
and be happy

06

~~All the times that I've cried
Keepin' all the things I knew inside
It's hard but it's harder to ignore it
If they were right I'd agree
But it's them they know, not me
Now there's a way and I know that I have to go away
I know I have to go~~

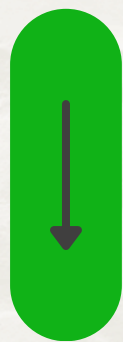

**We use two Earths yearly
Growin' our GDP constantly
Change is hard, but it's harder to ignore it
If they were right, I'd agree
But true happiness is free
Earth wastes away, and I know
that growth has to go away
I know growth has to go**
