~~Ladies and gentlemen~~
~~This is Mambo No. 5!~~

Ladies and gentlemen
This is "Standards are fire!"

02

~~One, two, three, four, five~~
~~Everybody in the car, so come on let's ride~~
~~To the liquor store around the corner~~
~~The boys say they want some gin and juice~~
~~But I really don't wanna~~

One, two, three, four, five
Group all spec's into a guideline
Make it safe, comparable, fit-for-purpose
interoperable and common.
Hey, you need a standard!

03

~~Beer bust, like I had last week~~
~~I must stay deep, 'cause talk is cheap~~
~~I like Angela, Pamela, Sandra and Rita~~
~~And as I continue you know they're getting sweeter~~

Voluntary to mandatory
Making it law's not automatic
From like clients, insurers,
bankers and buyers
The demand for a standard
becomes BAU for ya

04

~~So what can I do?~~
~~I really beg you, my Lord~~
~~To me flirting is just like a sport~~
~~Anything fly, it's all good, let me dump it~~
~~Please set in the trumpet~~

Good standards

**Made from more than one group
Public consult' and assurance too
Anything sly, is not good, underhanded
Please step up to the standard**

05

~~A little bit of Monica in my life~~
~~A little bit of Erica by my side~~
~~A little bit of Rita is all I need~~
~~A little bit of Tina is what I see~~

A little bit of standards in your life
A bit of assurance on the side
A little bit of ISO is all you need
A little bit of ISEAL is how you see

06

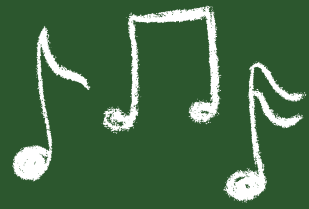

~~A little bit of Sandra in the sun~~
~~A little bit of Mary all night long~~
~~A little bit of Jessica here I am~~
~~A little bit of you makes me your man~~

A little bit of balance from day one
A bit of due process all night long
Fit for purpose goes hand in hand
If you want your standard in hot demand

07

Mambo No. 5!

Standards are fire!

08

~~Jump up and down and move it all around~~
~~Shake your head to the sound, put your hands on the ground~~
~~Take one step left and one step right~~
~~One to the front and one to the side~~
~~Clap your hands once and clap your hands twice~~
~~And if it looks like this then you're doing it right~~

Adopt them up and down, in countries all around
Move the bad up to sound,
stretch the best off the ground
Align one step left and one step right
One to the front and one to the side
Adapt if you want, or create if you like
And if its used by the market,
then you're doing it right

09
